[SecureCRT 7.1 Serial Number License Key](#)

A screenshot of the SecureCRT application interface. The window title is "Ubuntu - SecureCRT". The menu bar includes "File", "Edit", "View", "Options", "Transfer", "Script", "Tools", "Window", and "Help". Below the menu bar is a toolbar with various icons and the text "Enter host <Alt+R>". The main area is divided into two terminal windows. The left window is titled "Ubuntu" and the right window is titled "Red Hat". Both windows display the contents of a ".bash_profile" file. The text in both windows is identical, showing environment variables like PATH, BASH_ENV, USERNAME, VLibDir, and LD_LIBRARY_PATH, along with several aliases for 'sos', 'e', and 'ec'. The status bar at the bottom of the terminal windows shows ".bash_profile" 23L, 475C, 22,0-1, and A11. The bottom status bar of the application shows "Ready", "ssh2: AES-256", "23, 1", "25 Rows, 50 Cols", "VT100", and "CAP NUM".
